Leeds Methodist New Monastic Network

The Next Step in Discipleship, Love and Service.

As part of the Leeds South and West Circuit's commitment to the regeneration of Methodist discipleship in Leeds and beyond, we seek the development and flourishing of a Methodist New Monastic Network.

Aim: To create a New Monastic Community in Leeds. An intentional community anchored within the existing circuit.

People living by a Rule of Life, Praying, Learning, Serving and Caring, together in a community house.

Some living in a community house, linked to a local church

Some living in dispersed community, in Leeds or further afield.

Supported by an Oversight Group.

What we have: A Community House,
A Deacon
Circuit Backing
A Website: www.lmnmn.org.uk
Prayer and Passion.

What we need: People to support us through prayer.
People to discern a call to live in intentional community, in a community house.
People to discern a call to live in intentional community, as dispersed members.
